

HP DesignJet T850 36-in Printer with 2-year Warranty

The world's easiest half-size and D size printing experience to maximize your team's agility¹

*Product image may differ from actual product

VERSATILE—Effortless, high-quality results across all sizes and formats

- Do it all—print half-size print jobs using the integrated input tray, without manually changing from roll to sheets.
- Achieve high-quality CAD and renders across print sizes with pigment-based HP Flex Tech Inks.
- Stay focused—print A1/D-sized plots in as fast as 25 seconds² and experience fewer ink interruptions with 130/300ml cartridges.

CONNECTED—Seamless and secure by design

- Save time with HP Click—print in fewer steps and avoid printing errors with print preview.
- Protect your printer and data from cyberthreats without any effort thanks to HP Wolf Pro Security.

SUSTAINABLE—Save energy⁴ and minimize waste^{5,6}

- Advance environmental goals—printer is made with at least 35% recycled plastics³ and supplies can be recycled⁴.
- Lower energy use by up to 65% with automatic on/off scheduling,⁴ and enjoy efficient ink maintenance routines.
- Recycle your HP cartridges through HP's Planet Partners program.⁶

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: <http://www.hp.com/learn/ds>

Messaging Footnotes

¹ Based on test results using HP Click with the HP DesignJet T850. This solution enables printing in fewer steps compared to main competitor printing solutions. Printing a 5-page mixed job set with D size and half-size takes 3 steps using HP Click vs. 12 steps with competitor A and 8 steps with competitor B. Testing performed by Sogeti, April 2023. Detailed test report is available upon request.

² Mechanical printing time. Printed in Fast mode with Economode on, using HP Bright White Inkjet Paper (bond) and Original HP Inks.

³ HP Click App is compatible with Windows and Mac. HP Click Driver is compatible with Windows 11 only. HP Click software is only compatible with Original HP Ink supplies. Applicable to PDF, JPEG, TIFF, DWF, and HP-GL/2 files.

⁴ The percentage reductions in energy consumption are based on tests conducted by HP, 2024. Data based on the implementation of auto-scheduled on/off usage in various printer models, measured on a monthly basis. Actual savings may vary depending on the specific usage patterns, printer models, and environmental conditions.

⁵ Declared %RCP content is based on the quantity and weight of parts made with RCP resin over the total plastic parts.
